

Personnel – General

Only members of Group VI who are approved aircrew OR currently training to become aircrew are permitted to wear flight suits to unit meetings, squadron activities, training exercises or Group and Wing-level events. Aircrew is defined in this letter as scanner, observer and/or any approved CAP pilot.

The flight suit should be worn as an alternate to the BDU, not the blues. Local unit commanders retain the right to select a uniform of the day and/or further restrict the wear of flight suits at their respective meetings.

This policy is to be considered rescinded should a policy or regulation be issued from a higher echelon of command that contradicts this Operating Instruction.

NICHOLAS C SACCO, MAJ, CAP
Commander
